FOREWORD

500 Contractors Receiving the Largest Dollar Volume of Prime Contract Awards for Research, Development, Test, and Evaluation (RDT&E) is published annually. This report provides information on the 500 contractors that received the largest dollar volume in Department of Defense prime contract awards over \$25,000 for RDT&E. These data are presented in five tables showing:

1. An alphabetical listing of the top 500 companies;
2. The net value of awards to business firms operating in the United States;
3. The net value of awards to educational and other nonprofit institutions operating in the United States;
4. The net value of awards to foreign contractors; and
5. The net value of awards to U.S. Government Agencies.

TABLE OF CONTENTS

Introduction.....	1

Tables:

Table 1. Alphabetical Listing of the Top 500 DoD Prime Contractors for Research, Development, Test, and Evaluation Work: FY 1995	7
Table 2. Net Value of DoD Prime Contract Awards Over \$25,000 for RDT&E to U.S. Business Firms: FY 1995	13
Table 3. Net Value of DoD Prime Contract Awards Over \$25,000 for RDT&E to U.S. Educational and Non-profit Institutions: FY 1995	29
Table 4. Net Value of DoD Prime Contract Awards Over \$25,000 for RDT&E to Foreign Contractors: FY 1995.....	33
Table 5. Net Value of DoD Prime Contract Awards Over \$25,000 for RDT&E to U.S. Government Agencies: FY 1995.....	35

INTRODUCTION

This report presents summary data on the 500 prime contractors receiving the largest dollar volume in Department of Defense (DoD) awards over \$25,000 for research, development, test, and evaluation (RDT&E) work during fiscal year (FY) 1995. RDT&E work can include research (basic and applied) and development (exploratory, advanced, engineering, operational systems, or management and support services). Full definitions for each of these categories are provided in Section 235.001 of the Defense Federal Acquisition Regulation Supplement.

These data rank each corporation according to its relative standing. The order of ranking is based on the net value of each contractor's RDT&E awards. Beginning in FY 1994, the contractors have been ranked by the parent company vs. subsidiaries or divisions of the company as in past issues of this publication. For example, figures for General Motors Corporation include awards to Hughes Aircraft Company and Hughes Missile Systems Company. Also, classification of a company as foreign is based on the parent company.

Table 1, page 7, lists the 500 contractors in alphabetical order, displays the order of ranking for each, and shows how each has been categorized for reporting purposes. The categories are business firm (B), foreign contractor (F), and nonprofit institution (N). Table 2, page 13, shows the net value of awards to U.S. business firms. Those firms which qualify as small businesses are further identified by an "S." The net value of awards to each of the firm's reported locations is also provided. Tables 3, 4, and 5, on pages 29, 33, and 35 respectively, provide the net value of awards to U.S. educational and other nonprofit institutions, foreign contractors, and U.S. Government Agencies. (While awards to U.S. Government Agencies are listed separately in Table 5, these agencies are categorized as nonprofit institutions in Table 1.) As in Table 1, contractors in Tables 2 through 5 are shown by order of ranking, with their total awards indicated by an asterisk (*). The value of awards to each of the contractor's reported locations is also shown for these tables.

NOTES ON COVERAGE

The dollar amounts shown here include prime contract awards over \$25,000 for RDT&E work only. Data on awards for other services, such as training, and on any supplies furnished by the contractors in support of research being done are excluded. The locations shown in the tables are the places where the work was to be performed. Normally, this is a facility of the concern awarded the contract. However, if the work was scheduled to be performed at a Defense facility, such as an Air Force base, the location shown may be that of the Defense agency rather than the contractor.

DATA RELATING TO COMPANIES IN THIS PUBLICATION ARE SUBJECT TO THE ACCURACY OF THE FEDERAL PROCUREMENT DATA SYSTEM CONTRACTOR ESTABLISHMENT CODE AND ITS ABILITY TO DESCRIBE RELATIONSHIPS OF COMPANIES.

HIGHLIGHTS

The following table shows the net value and percentage distribution of all RDT&E awards, RDT&E awards to the top 500 companies, and all other RDT&E awards for FY 1995.

Department of Defense Prime Contract Awards Over \$25,000 Fiscal Year 1995

*LESS THAN 0.5 PERCENT

NOTE: TOTALS MAY NOT ADD DUE TO ROUNDING.

Based on the percentage of total awards, the distribution of FY 1995 awards varies moderately from that in FY 1994. In FY 1995, the top 500 contractors included 393 U.S. business firms (263 of which were small businesses); 79 educational and nonprofit institutions; 3 U.S. Government Agencies; and 25 foreign contractors. In FY 1994, the top 500 consisted of 406 U.S. business firms (212 were small businesses); 73 educational and nonprofit institutions; 2 U.S. Government Agencies; and 19 foreign contractors.

The top 500 RDT&E contractors received awards totaling \$20.7 billion in FY 1995, compared to \$21.1 billion in FY 1994, a decrease of \$400 million, or 1.9 percent. The \$20.7 billion represents 95.9 percent of the \$21.5 billion total prime contract awards over \$25,000 for RDT&E work in FY 1995.

In addition to the top 500 contractors, there were 2,414 other contractors for which RDT&E procurement actions over \$25,000 were reported, for a total of 2,914 contractors in FY 1995. In FY 1994, the total number of contractors in this category was 2,760.

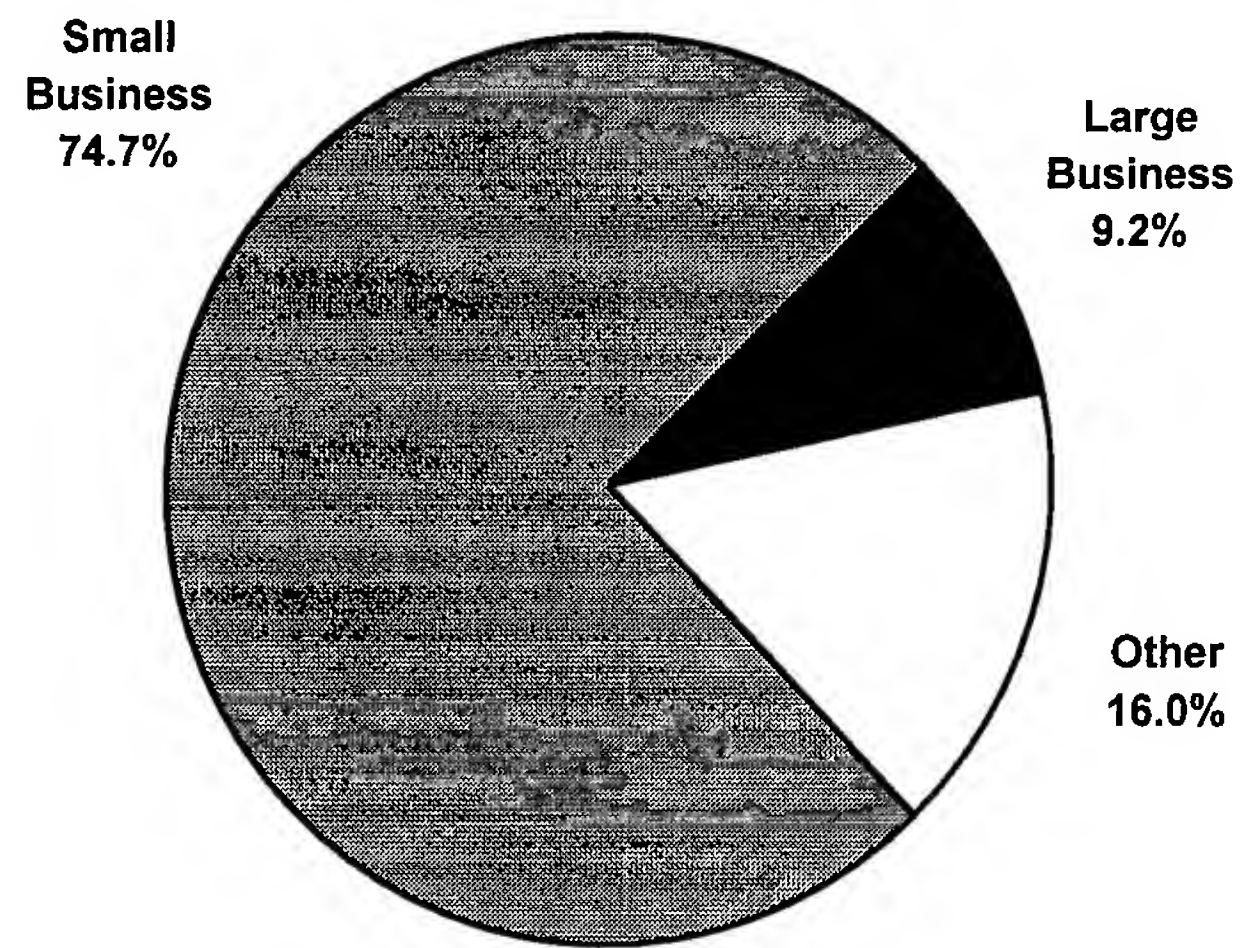

Of the 32 contractors with RDT&E awards of \$100 million or more in FY 1995, 27 were business firms and 5 were educational and other nonprofit institutions. These 32 contractors had a total of \$15.3 billion in RDT&E awards. In FY 1994, there were 32 contractors who reached the \$100 million plateau, with awards totaling \$15.5 billion. Of these 32 contractors, 28 were business firms (1 of which was foreign) and 4 were educational and other nonprofit institutions. The amount of awards for this \$100 million group decreased by \$264 million, or 1.7 percent, between FY 1994 and 1995.

The charts on page 4 display a breakout of types of contractors as a percentage of the total contractors receiving RDT&E awards; and then as a percentage of the top 500 contractors. The first chart shows that within the category of all RDT&E awards, small business represents the largest share, or 74.7 percent; followed by other entities, 16.0 percent; and large business, 9.2 percent. The second chart reflects that within the category of only the top 500 RDT&E contractors, small business has the greatest share, 52.6 percent; followed by large business, 26.0 percent; and other 21.4 percent.

Both charts on page 4 show the number of firms with their associated percentages, not the percentage of dollars.

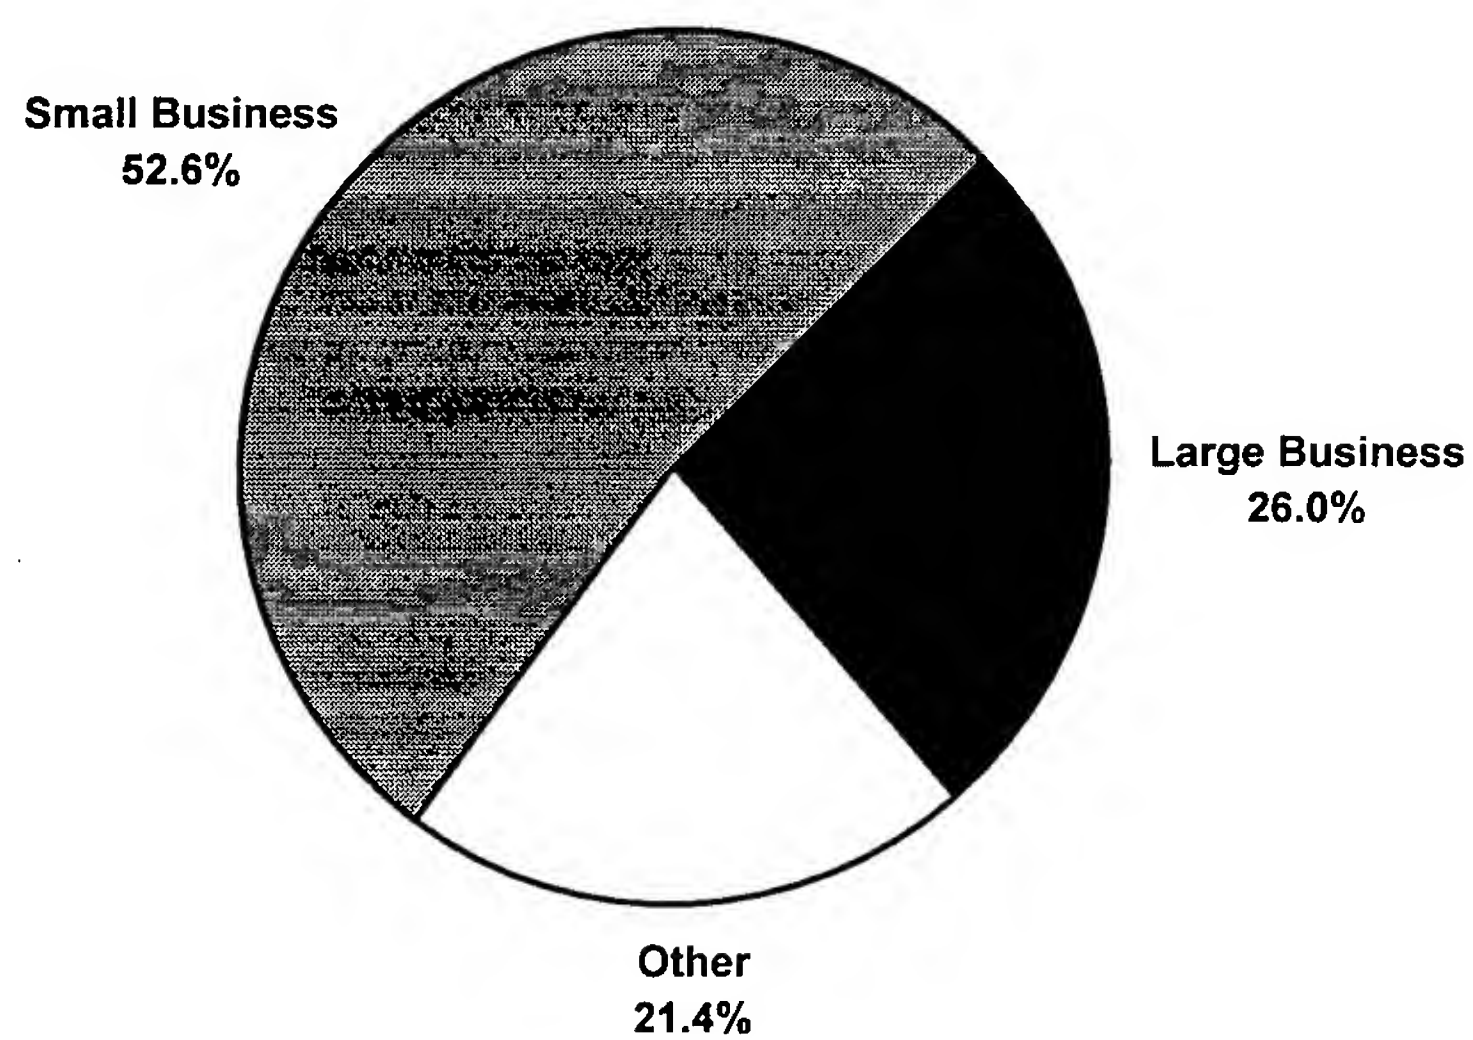

TOTAL CONTRACTORS RECEIVING RDT&E AWARDS

Fiscal Year 1995

TOTAL NUMBER OF FIRMS = 2,916

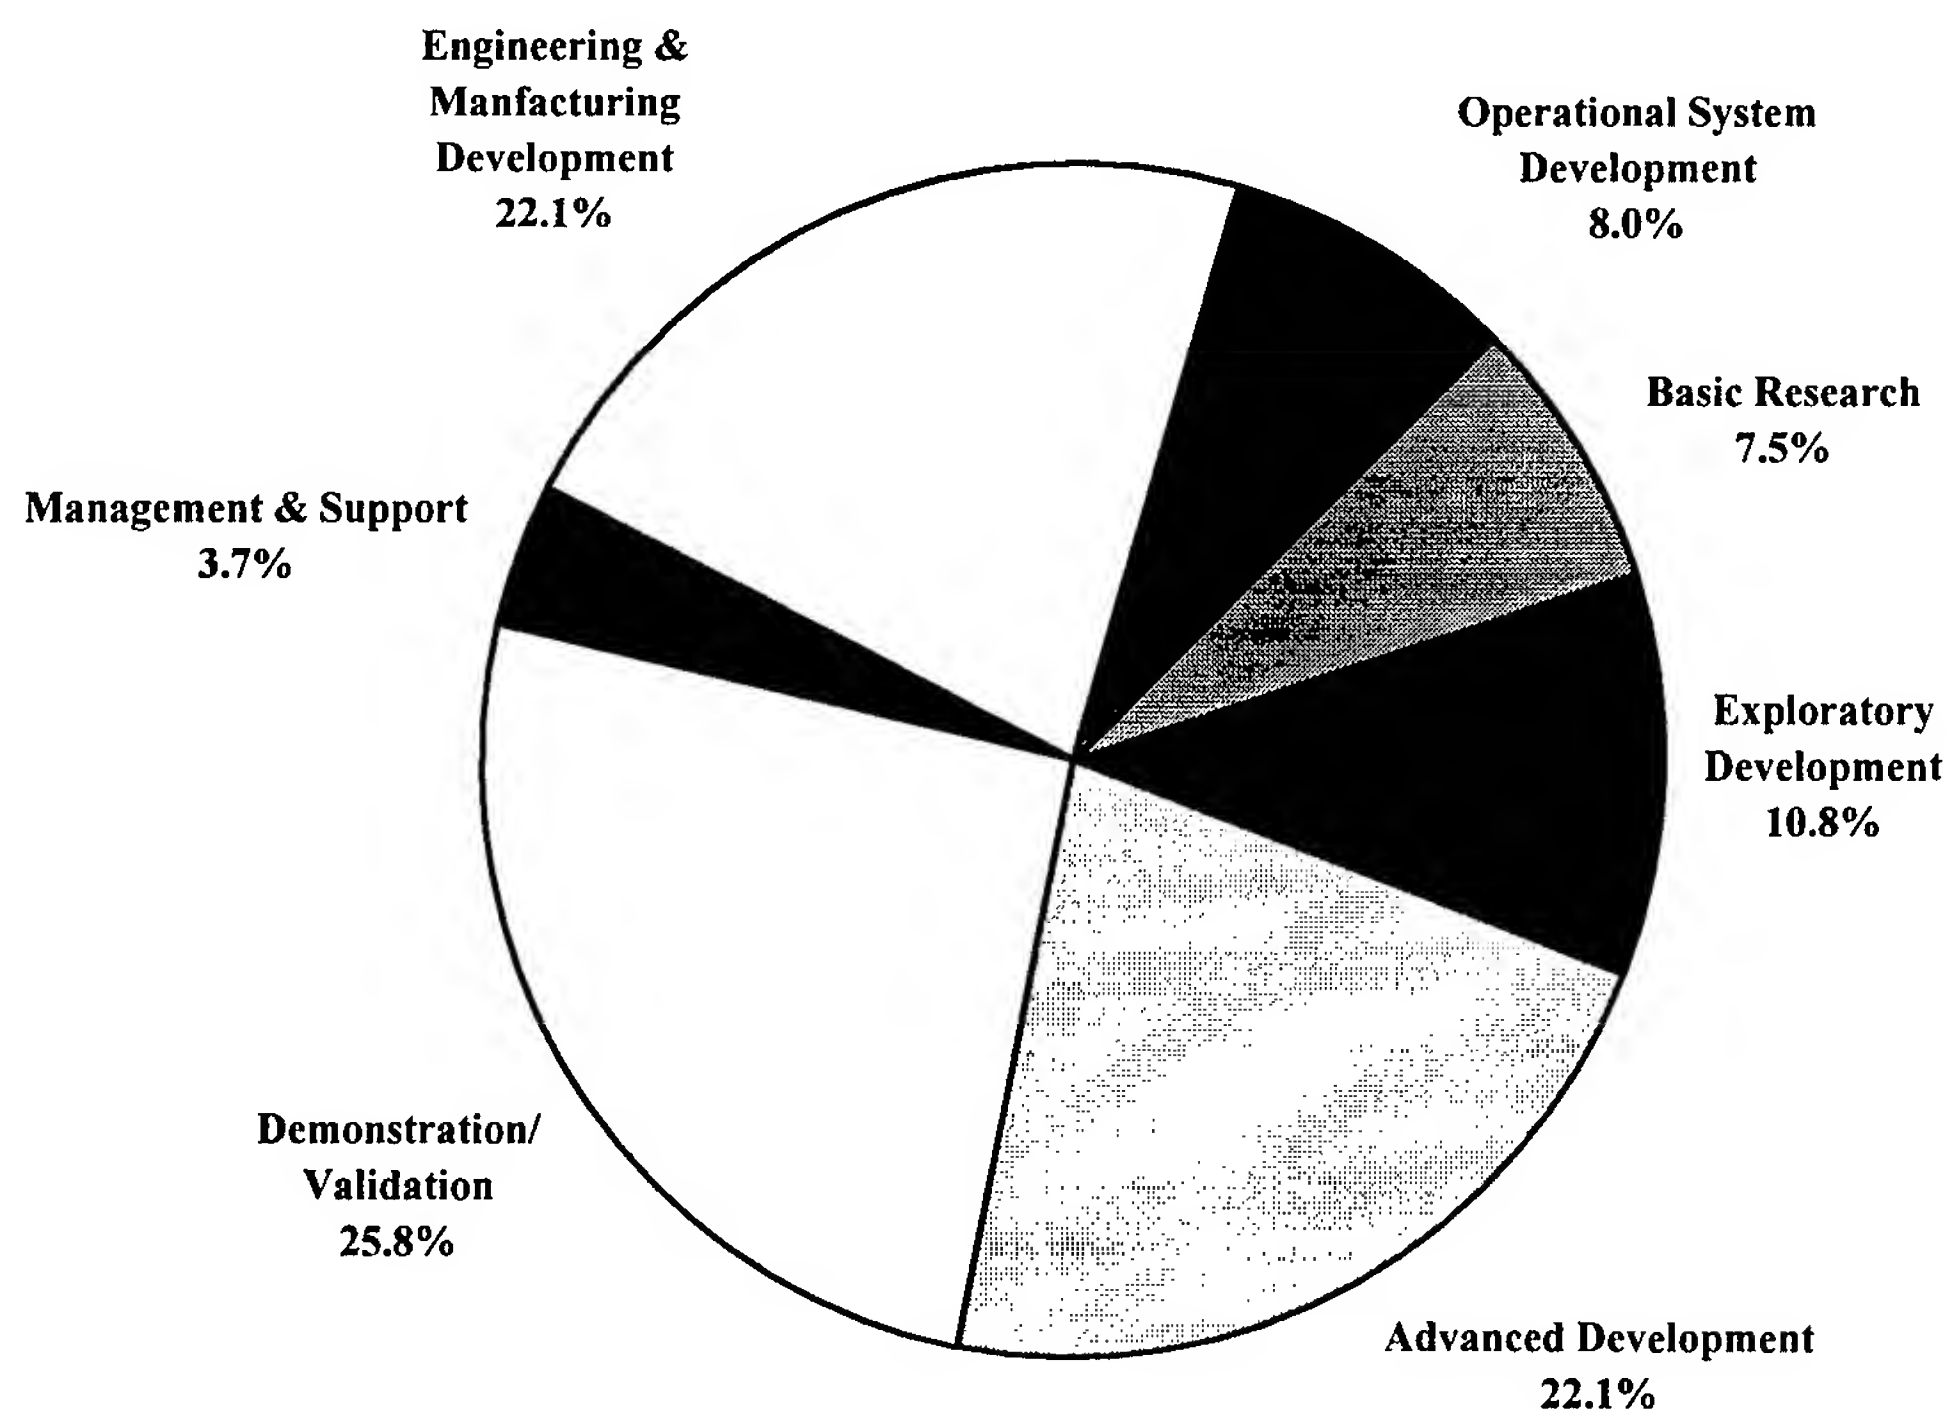

TOP 500 CONTRACTORS - RDT&E

The following table shows the type of RDT&E work the contractors were engaged in and the net value and percentage distribution of all awards for each of these types in FY 1995. Demonstration/Validation (formally included in Advanced Development), accounted for the largest share (25.8 percent) of RDT&E awards, followed by Engineering & Manufacturing Development and Advanced Development (22.1 percent each).

TYPE	AWARDS (\$000)	PERCENT OF TOTAL
RDT&E - TOTAL	\$21,548,848	100.0
Basic Research	1,620,990	7.5
Exploratory Development	2,330,526	10.8
Advanced Development	4,763,881	22.1
Demonstration/Validation	5,550,561	25.8
Engineering & Manufacturing Development	4,769,820	22.1
Management & Support	789,440	3.7
Operational System Development	1,723,631	8.0

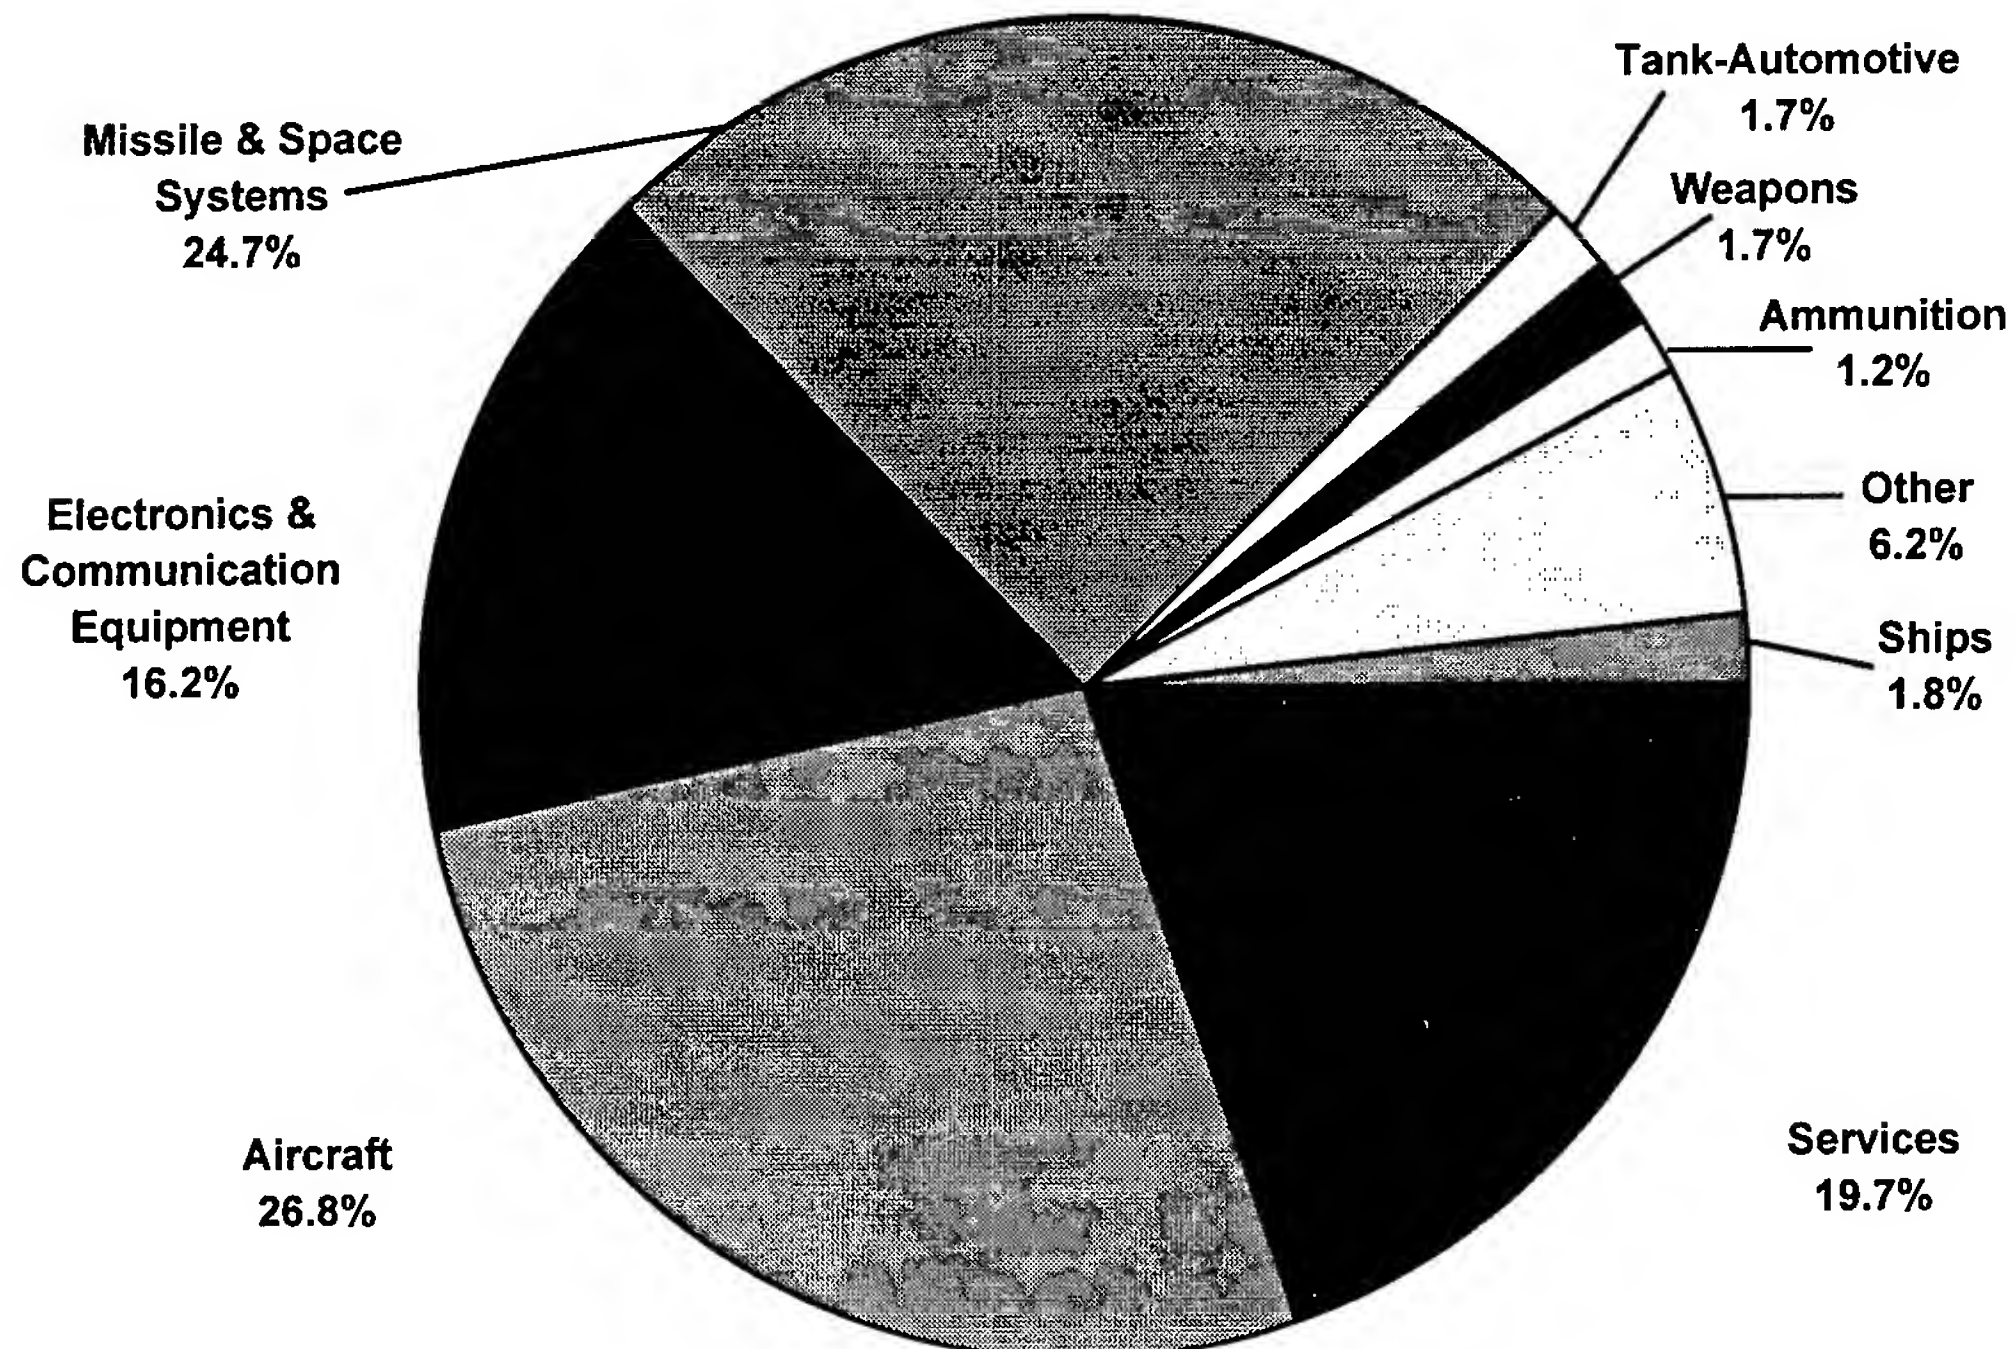

DOLLAR AWARDS BY TYPE OF RDT&E WORK
Fiscal Year 1995

The final table below shows the net value and percentage distribution of all RDT&E awards by type of program. Within the RDT&E contracts, the largest volume of awards was for the research, development, test, or evaluation of missile & space systems and aircraft. In FY 1995, a combined total of \$11,089 million, or 51.5 percent of all RDT&E awards over \$25,000, was for work connected with these programs.

PROGRAM	AWARDS (\$000)	PERCENT OF TOTAL
RDT&E - TOTAL	\$21,548,848	100.0
Missile & Space Systems	5,318,606	24.7
Electronics & Communication Equipment	3,494,819	16.2
Aircraft	5,770,435	26.8
Services	4,254,548	19.7
Ships	378,267	1.8
Ammunition	256,837	1.2
Weapons	372,941	1.7
Tank-Automotive	377,010	1.7
All Other	1,325,387	6.2
